

## **Technical Exhibit 31**

### **IMIT Government Positions**

The purpose of this exhibit is to provide prospective Service Providers insight into the scope and complexity of this mission. Information included in TE-31 is not intended to have offerors base their cost. The TE is not intended to be used by offerors to base their proposal on staffing.

This Technical Exhibit provides an extract of commercial and inherently governmental activity as of September 2004, Occupational Specialty or Series and the Authorized Grade/Rank throughout USACE, and the CAFC alignment to IMIT services.

It is not all-inclusive and may not precisely represent the situation at the time of the advertisement of the solicitation.

The following is an extract from the DoD Inventory of Commercial and Inherently Governmental Activities, Guide to Inventory Submission, September 2004

**W100 Management Headquarters—Communications, Computing and Information.** This function includes managing communications, computing, and information programs and/or overseeing, directing, and controlling subordinate organizations through developing and issuing policies; providing policy guidance; reviewing, analyzing, and evaluating program performance; conducting mid- and long-range information management/information technology (IM/IT) planning, programming, and budgeting; and/or allocating and distributing resources. This includes IM/IT strategic and capital planning; performance assessments; business process reengineering; IT risk analysis; knowledge management; and policy, planning, and implementation of computing infrastructures, information architecture/infrastructures, and information operations/warfare. This function is performed by the OSD, the Joint Staff, the management headquarters of Defense Agencies and Field Activities, Combatant Headquarters, Military Department management headquarters, and other management headquarters identified in DoDD 5100.73.

**W210 Telephone Systems.** This function includes common-user and administrative telephone systems at DoD installations and activities. It includes communication services for telephone consoles; range communications; emergency action consoles; the cable distribution portion of a fire alarm, intrusion detection, emergency monitoring and control data; and similar communication networks that require use of a telephone system.

**W220 Telecommunication Centers.** This function includes communication services for non-deployable telecommunication centers to include non-deployable radios, automatic message distribution systems, technical control facilities, and other electronic systems integral to the communications center.

**W299 Other Communications Systems.** This function includes communication services for communications systems and supporting electronic equipment not included above. This includes stationary, mobile, and portable administrative electronic communications equipment; radio/wireless communications systems; satellite/ terrestrial systems; distribution plants that provide higher speed, transport services (to include long haul, wide and local area network communications services and capabilities); and, other communication capabilities.

**W310 Computing Services and/or Data Base Management.** This function includes the following:

- **End-User Support.** This includes moves/adds/changes (MACs); break/fixes; installation; trouble-shooting; user assistance; local training; problem tracking, resolving and diagnosing; software and hardware maintenance and repair; and, backup and recovery operations.
- **Software and Application Development.** This includes analyzing systems requirements; writing code, testing and debugging applications; assuring

software quality and functionality; writing and maintaining program documentation; developing compilers, assemblers, utility programs, and operating systems; and, evaluating new software applications, new systems, and programming technologies. This does not include program management of defense acquisition systems coded F310 and F120.

- Network Systems. This includes the design, development, testing, quality assurance, configuration, installation, integration, maintenance, and/or administration of cable plants and network systems (LANs, WANs, MANs, and internet/intranet systems). This includes defining and maintaining physical network architecture and infrastructure; configuring and optimizing network servers; analyzing network workload; monitoring network performance; diagnosing problems; ensuring proper load balancing; developing backup and recovery procedures; and, installing, testing, maintaining, and upgrading network operating systems software.
- Systems Administration. This includes installation of new or modified hardware/software; managing accounts, network rights, and access to systems and equipment; monitoring the performance, capacity, serviceability, and recoverability of installed systems; implementing security procedures and tools; resolving hardware/software interface and interoperability problems; and, maintaining systems configuration and inventory.
- Systems Analysis. This includes conducting needs analyses to define opportunities for new or improved applications; identifying requirements; conducting feasibility studies and trade-off analyses; defining systems scope and objectives; developing overall functional and technical requirements and specifications; evaluating and recommending sources for systems components; and, ensuring the integration and implementation of applications, databases, networks, and related systems.
- Database Management. This includes analyzing and defining data requirements and specifications; designing, developing, implementing, modifying, and managing databases; defining and developing data flow diagrams; building and maintaining data dictionaries; developing physical data models; and, data mining/data warehousing.
- Web Site Development and Maintenance. This includes web site design, structure, and maintenance, and monitoring web site functionality, security, and integrity. This includes web sites that can be linked to and integrated with associated databases and digital document libraries.

**W399 Other Computing Services.** This includes all other non-tactical information processing (computing) services that have not been addressed by other function codes. This includes time sharing services and other information technology and data processing services and operations.

**W410 Information Operations and Information Assurance/Security.** This function includes operations that sustain information superiority to provide for the defense of both human decision-making processes and the technical systems. This includes

operations that entail effective and synergistic engagement across a broad array of interagency information activities that support political-military strategic objectives to deter aggression. This function also includes planning, analysis, development, implementation, upkeep, and enhancement of systems, programs, policies, procedures and tools to ensure the integrity, reliability, accessibility, and confidentiality of information systems and assets. It includes information assurance functions that protect and defend information and information systems by ensuring their availability, integrity, authentication, confidentiality, and non-repudiation. This category also includes operations that provide for the restoration of information systems by incorporating protection, detection, and reaction capability. This includes system/network protection; intrusion detection and monitoring; readiness assessments; firewall administration; security policy enforcement; risk and vulnerability assessments; security evaluations and audits; and, contingency plans and disaster recovery procedures.

**Y570 Visual Information Program Activities and Operations.** This function includes program management and operational guidance of visual information operations to include producing and providing visual information products and services (either through in-house capabilities or acquired through contract support) other than those that are an integral part of Combat Camera operations. Functional objectives are achieved by the development, issuance, and review of operating guidance; planning, programming, and budgeting; and evaluating operational performance and management of Visual Information support and Combat Camera operations. This also includes the design, generation, storage, production, distribution, disposition, and life cycle management of still photographs, digital still images, motion pictures, analog and digital video recordings, visual information productions, certain graphic arts (such as paintings, line drawings, and montages) and related captions, overlays, and intellectual control data other than those in direct support of Combat Camera operations. This function may be performed at all levels within the DoD. Combat Camera operations are coded using the appropriate M codes.

**Y815 Federal Compliance of Administrative Programs.** This function includes providing program management and operational guidance for the Freedom of Information Program, Defense Privacy Program, Federal Voting Assistance Program, Paperwork Reduction Act, Administrative Procedures Act, and other similar programs to ensure compliance with federal statutory and regulatory guidelines. This may include providing advice and assistance to senior leaders and staff at all levels of the Department. This also may include serving as the official spokesperson at the designated organizational level on program issues and matters.

**Y820 Administrative Management and Correspondence Services.** This function includes services typically performed by internal mail and messenger centers, administrative support offices and centers, as well as administrative support that is severable from the function it supports. It includes general clerical, secretarial, and administrative support duties; coordination, processing, and distribution of paper communications and general service messages; translation services; management and

processing of forms; maintenance and control of administrative services contracts; travel charge card administration and management; and, other management record-keeping duties.

**Y840 Directives and Records Management Services.** This function includes services typically provided by forms and records management centers and offices to include manuscript preparation and writer-editor services; retirement/warehousing of records; filing and retrieval of documents; design, coordination, indexing, distribution, and periodic review of forms, directives, regulations, orders, and other official publications; and, authentication and distribution of administrative orders. This function excludes warehousing and distribution of publications coded T150.

**Y850 Microfilming and Library Services.** This function includes services typically provided by microfilming centers; technical information centers; and reference and technical libraries at hospitals, shipyards, schools and other DoD facilities. This includes the production of a variety of microfilm products including 105MM Computer Output Microfilm (COM) masters and duplicates from data center data streams, 105MM source document microfilm, and 35MM master and duplicate microfilm aperture cards. It excludes recreational library services coded G105.

**Y860 Printing and Reproduction Services.** This function includes support services typically performed by central printing and reproduction facilities to include printing, binding, duplication, and copying services. This excludes user-operated office copying and warehousing and distribution of publications coded T150.
